I don't tolerate any cosmetics, my skin reacts to everything

My skin is **dry** and **feels tight**. I have **light burning** and **tingling sensations**.

Any skincare I use increases these **uncomfortable sensations**.

I am lost and I am looking for instantly **soothing** skincare, and above all, one that my skin can **tolerate**.

1

Makeup removing milky gel

2

UTW Spray

3

RICH soothing care + Eye Contour cream

I'm looking for a clean
moisturizer without
perfume

I have *normal to combination* skin that is **very sensitive**.

I'm looking for a **daily unscented moisturizer and with a clean formula**.

It is not easy to find a product adapted to sensitive skin with a **pleasant texture** for everyday use.
